

# The MIT Museum presents *Innovation Sunday*

**Sunday, Oct. 4**

**Activities Noon - 4:00 p.m.  
Free Admission**

Explore the Museum's newest exhibition, *Sampling MIT*. Discover hot topics at MIT in the areas of solar energy, 3-d television, bioengineered batteries and brain research. Talk to researchers and scientists, and put your imagination to work with a range of family friendly activities.

Also on exhibit - holograms, moving sculptures and the history of artificial intelligence and robots at MIT!
